

Arcadia Graphic Design Student 's Winning Logo

Arizona CTE Curriculum Consortium had a logo contest. There were over 75 submissions from districts across the state. The logos were sent to the voting team which chose the top 3 logos. The winner was determined by a final committee vote.

The winner was **Erin O'Malley** from Arcadia High School. She is a third year graphic design student in **Dianna Cure's** Graphic Design III class and plans to pursue a career in Graphic Design. As part of the advanced class curriculum, Erin works with clients. Erin was presented with a certificate, a plaque and a "Go Pro" camera. The film crew at the high school video taped the presentation and will present it at our school board meeting.

Erin O'Malley and Dianna Cure will be honored at the November 12th SUSD Governing Board Meeting

Nikki Alward, Assistant Principal; Lisa Doll, Curriculum Director, Erin O'Malley, winner; Kevin Mooney, Assistant Principal

WINNING LOGO

Dianna Cure, Graphic Design Instructor, Erin, and Kevin Mooney, Assistant Principal

CMAS & Tech Theater Perform

CMAS and Technical Theater performed at Alice Cooper's *The Rock Community Center*. Students set up the stage for the musicians. Arcadia's group, *The Rock*, performed several musical pieces. The students had the experience of setting up a touring rock show where they learned to load and unload the truck, adapt to the new location, and work with *The Rock Community Center* members. The *Community* members praised our students and thanked our crew for their professionalism.

Parent University Photos

Governing Board Member **Denny Brown** visiting Saguaros's Health Occupations. Students checked his blood pressure and he was within the healthy range.

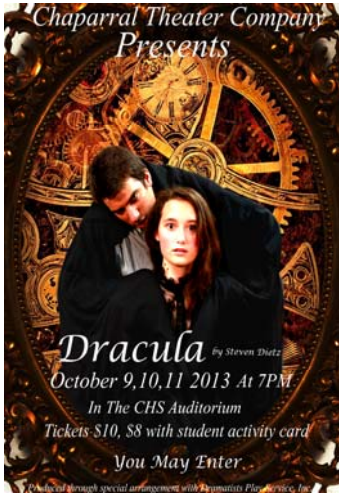

Saguaro Principal **Brian Corte** wearing goggles that simulates the affect of visual impairment due to excessive drinking.

Coronado child development instructor **Kathleen Wallin** simulated babies were present to demonstrate healthy lifestyles.

Chaparral Tech Theater Presents Dracula

Tech Theater instructor, **Ed Como**, had his tech theater crew build the stage and set up lights, create the fantastic makeup, sew the costumes, and create the special effects needed to bring the play, *Dracula*, alive.

DECA Student at Leadership Camp

Juliann Trump, Marketing instructor at Desert Mountain, attended the DECA Leadership camp with her student.

It's not a Halloween Costume

Desert Mountain High School Child Development instructor, **Pam Paul**, dressed as a pregnant woman holding an “egg baby” to stress the importance of health care when pregnant.

The students were required to carry their “egg baby” to their classes and home. The lesson culminates with students being responsible to care for their program-mable babies. The instructor programs the babies to cry, when it is time to be fed or have their diapers changed. The lesson provides students with real life experience in the care and development of infants.

CTE Advisory Board and Curriculum Meeting

Fall Advisory Board meeting, under the leadership of **Dr. Milissa Sackos**, was a success. Each program area prepared a SWOT analysis to use as a tool for continuous improvement and future program development.

Each program area shared their analysis and one major theme prevailed—how to increase student enrollment. Several team members offered suggestions and a sub group was developed to explore possibilities. Our Advisory Board Members participation is a vital to us and for the success of our program. Several of the board members shared their suggestions for the sub group to explore.

Quick Facts

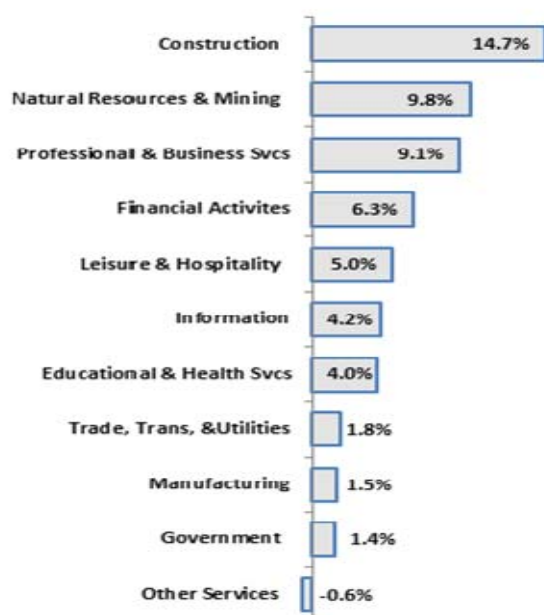

At the recent **ACOVA** meeting (Arizona Council of Occupational/Vocational Administrators) in Prescott, several key elements were identified.

- Legislation to reinstate 9th grade funding—pending
- Seeking national certification for culinary and hospitality—pending
- New CTSO—TSA (Technology Student Association) approved. This year available for Engineering
- Restructuring of ADE
- Free nontraditional resources and speakers available— contact Ada Tessler
- **Curriculum Consortium Wiki** is growing. Are you register WIKI user? Interested in writing lessons?
- Assessments a good tool for employment

Employment Stats to Share with Students
